## From the Cloud Nine Files....

Well, it's been quite a few months since our very first Newsletter. We are still over the moon to have been so well received by you all and all we can say is THANK YOU for enjoying the Cloud Nine experience. It is so rewarding to see happy (and relaxed) guests!

The weather has finally decided to cool down- we are looking forward to green grass and buckets of rain! (Fill up those sadly neglected water tanks!) There is nothing like the roaring log fires again- Stan is madly chopping wood in anticipation!

The animals are looking forward to the green grass too, although they will miss their "Mars Bars" pellets that they have been so spoiled with this summer! If they are good we might give them a treat every now and then. Of course, the animal collection keeps growing! Orange the chicken is raising 4 lovely chicks (none of which are pictured on this newsletter in case you were concerned!). We also would like to introduce "Lamb Chop" our new lamb who was orphaned. He is super cute and a bit naughty. Very soon he will be off the bottle & Shelley is wondering if her garden will survive another munching!!!!

"Lamb Chop"

**Chalet Number Two has left the building!** (well, not really but it's getting there!) Hooray! We are so excited that's it finally underway. We should be able to fit in all those bookings that we (embarrassingly) just haven't been able to fit in! The Bank just love us! This Chalet is going to be bigger and (dare we say it!) have even more than Chalet Number One. We have just purchased the Hot Tub and Sauna- complete with disco lights and a CD player! Alright! These will live in a glass enclosed room on the deck, with the compulsory Stirling views. This Chalet will be 3 metres longer and wider, with a larger deck that will continue around the side. In this we will install a private little Asian style haven for you, with artwork, sculpture and a water feature. Both the bedrooms will be "main" bedrooms with sliding doors onto the deck from each one. Shelley is very excited and is already filling our spare room up with goodies to put in it! We hope to have it open later this year. Don't worry we'll keep you posted!!

### A Big Thank You!

Our thanks to everyone who phoned, wrote or emailed us after the Porongurup Bushfire. You will be glad to know (as we are!) that Cloud Nine remained unscathed (maybe a bit emotionally scarred!). The Porongurups have had half a century since the last bushfire, and considering the intensity and ferocity of the fire, the Fire Fighters have done an amazing job at saving so many homes. Some people literally had the fire on their doorsteps. The Porongurups are definitely open for business and the National Park should be reopening very soon.

And, of course, our Newsletter ONLY Customer Special

**You must be a Newsletter customer- join our Mailing List and receive our quarterly Newsletters, Newsletter Only Specials and be kept informed of our Monthly Specials!**

Stand by for our ripper First Birthday Giveaways in July and our "Name the Chalets Competition" later this year!

Ah, yes- the power of a Feedback Form!

Things we have added to the Chalet because you asked for them!

- Coffee Plunger (1 cup and 2 cup) and "real" coffee
- Tea Leaves and Teapot
- Doorstop for the main bedroom door to stop it slamming!
- Tomato and Barbeque Sauces
- Balsamic Vinegar
- Body Lotion
- Foot Care Products for the Foot Spa
- Cotton Buds
- Soap On Tap

Thank you to everyone who fills out our Feedback Forms. It helps us make your stay even better, and we LOVE knowing that we are getting it right!
